

## Taking stock of the Spring 2009 term...

Spring break is over, and there are six weeks of classes left. This is a good time to take stock of how things are going so far and what tasks remain:

- What are your current grades? Do you need to get some help from your instructor or [request a tutor](#)?
- Have you prepared a plan for completing your remaining work? Could you use some help [organizing your time](#)?
- Do you have any papers coming up? Would a visit to the [Writing Center](#) be helpful?
- What reading needs to be covered? Would a [reading schedule](#) help?
- What Fall 2009 planning must be done? Is it time to get [advising information](#) or to contact your academic advisor?

**Now** is the best time to make a plan. Just a reminder that the last day to drop a class is April 7<sup>th</sup>, and that is also the last day to request a tutor for the spring term. The Math Lab and Writing Center will be open for the rest of the semester.

If you decide that you could use some help with any of these issues, please call [Learning Support Services](#) at 663-2281, or stop by the Student Resource Center in DeRicci 206.
